Why Pray For the Planet Together?

Expressing your tendency to be generous through gift giving doesn't remove that tendency from within you. Expressing your tendency towards anger by yelling at and demeaning others doesn't remove that tendency from you either.

On the contrary, every time you repeat any behavior, positive or negative, it becomes a somewhat stronger personality habit within you. Everything that you put out comes back to you because it never leaves you, but rather it just builds itself up as a stronger and stronger influence over time; and the quality of the energy that you carry is felt by and can influence all those around you.

Put two intolerant people together and you get two people who are each twice as intolerant as they would be when alone. Each is then being influenced by his own, and by the other person's, intolerance. That is why people do negative things as part of a crowd, as part of a mob, that they would never do alone.

Put two people together who are both being positive, people who want to help themselves and others through prayer, and you get two people who are each more positive and helpful than each would be alone. Where many are joined, there is the Power! Praying for the Planet in a group setting amplifies all the personal and karmic good that you can do for yourself and others over time.

Why We Use Our Specific Prayers

The specific Prayers for the Planet that we use in our meetings were originally written in 1979. They have been adapted and expanded a number of times since. After 9/11, we added the Anti-Terrorism Edition for obvious reasons.

Because these prayers are based on The Keys To Reality Teachings, we have included a glossary of terms on the sidebar so as to make participation in our prayer meetings more understandable for those attending for the first time.

The prayers that we do are non-denominational, very thorough and quite specific. They focus on calling all those in positions of power, control and influence in all areas of life into complying with the Creator's Will over time.

To some, they may seem somewhat exhaustive, but the more specific the prayer, the more power it has. If you needed a healing for your son, you would ask for that specifically and not be content with just a healing prayer for all life.

For meetings with time constraints, we have bracketed the Prayers that we recommend to be skipped when doing both the Original Prayers and the Anti-Terrorism Edition. For meetings with younger participants, we have created a brand new Prayers for the Planet Light Edition that is lighter and easier to use.

The Amen Prayer – "I join in that and accept that in God's Most Perfect Way" is said aloud by all as a way of joining in the power behind each individual prayer.
